

Zia International School

Nurturing Excellence...

Academic Year 2025 – 26

**Centre of Excellence
Electronics City, Bangalore**

About Us

Zia International is a pioneering educational organisation driving reform in Indian school education. Our flagship institution is located in Electronics City, Bangalore, with the primary goal of establishing a Career-focused Centre of Excellence. Our vision extends to replicating this model in other cities such as Hyderabad, Mumbai, Delhi, and Lucknow within the next five years.

Vision

To provide value-based quality education and make Zia International a Centre of Excellence for Mathematics, Science, and Humanities to make school education more relevant to today's competitive environment.

Mission

To inculcate innovative and critical thinking through an extra emphasis on Mathematics, Science, and Humanities through time-bound, step-by-step completion of the syllabus with various revision modules and rigorous assessments.

Integrated Curriculum

Showcasing the school's strong emphasis on Science, Technology, Engineering, and Mathematics (STEM), we provide students with a robust foundation in these disciplines and advanced problem-solving proficiency. Our approach cultivates critical skills essential for the future whilst igniting a passion for innovation. Committed to excellence, we offer integrated coaching for IIT-JEE/NEET, and Olympiad starting from Grade 6. By covering approximately 75% of the IIT-JEE and NEET syllabus by Grade 10, we ensure our students are well-prepared to excel in such competitive examinations.

Integrated Curriculum Books

Holistic Development

Our commitment extends beyond academics, emphasizing students holistic development. Along with fostering academic excellence, we focus on building strong character, nurturing life skills, and ensuring the overall well-being of our students. Our programs and events include physical fitness, arts, and a range of extracurricular activities, providing a well-rounded, enriching, and comprehensive educational experience.

Curriculum Panel

Our distinguished Curriculum Panel comprises experts with extensive experience and notable achievements from leading institutions such as Narayana, Allen, Aakash, and PhysicsWallah. They design the curriculum for early years to Year 12, ensuring alignment with JEE/NEET, and other competitive exams. With a proven track record in producing top rank holders in JEE/NEET, the team is geared up to provide our students with a differentiated and result oriented learning experience. These professionals consistently uphold high standards, tailoring the curriculum to the evolving needs of the industry.

Curriculum and Pedagogy

We deliver the standard CBSE curriculum alongside an advanced supplementary program, meticulously crafted by our expert team to address any inherent shortcomings of traditional educational frameworks. This in-house integrated approach not only reshapes the landscape of school education in India but also guarantees career security, fosters skill development, and promotes intellectual growth. Our pedagogical strategies are designed to meet the evolving needs of the industry, emphasizing hands-on learning, critical thinking, and the application of knowledge in real-world scenarios, ensuring our students emerge as well-rounded individuals.
